Operational/CART
KEMOCKY

1. On 10 July 1953, CMT Munich requested same traces of KEMOCKY. With WIFA-1066 as a basis, [] [] replied that to the best of our knowledge Subject is currently employed by the British.

2. An OSI case officer had had a meeting with KEMOCKY on 6 July 1953 at which Subject reportedly volunteered the following information without any prompting. KEMOCKY admitted that he was previously employed by an American agency, but released for reasons unstated. He had received four job offers from the USA, but had finally refused because he felt the British would not fully utilize his Finnish connections. He had been in touch with two different individuals whom he rather assumed to be KIPPER connections. One had been a SCANN from the Bremen vicinity, and the other Dr. KEMMERER from Munich. Both of these may be readily identified as representatives of separate KIPPER field agencies. After claiming to have refused both KIPPER offers, KEMOCKY concluded by stating that he had been rather happy working by the Americans and that he expected to be re-contacted by his former case officer, with whom he would accept employment again, if a job were offered.

3. OSI was rather indefinite as to whether they intended to do further business with KEMOCKY. [] [] did not feel justified in telling them to avoid contact. However, after discussion with [] [], we intend to report to OSI that we have the distinct impression KEMOCKY is currently employed by the British. FCB is taking no other action with respect to Subject.
